

# Air Conditioning

for your home ....

“ Our bedroom gets very hot, especially in the summer, and the heat can be very uncomfortable during the night. The air conditioning / heat pump was the perfect solution. ” A.Hazlehurst, Formby

“ I bought a free standing air conditioning unit from the local DIY superstore for my conservatory, and it proved to be very ineffective.

Demeva designed an air conditioning and heat pump system to suit my requirements exactly, now I have a comfortable environment in my conservatory summer and winter. ”
